

Analysis of an even metre tune or 444

NEIL MUNRO Author (in memoriam)

J. D. ROSS WATT

The musical notation consists of three staves, each representing a line of the tune. The notation is in treble clef with a common time signature (C). The melody is composed of eighth and sixteenth notes, often beamed together. Above the staves, there are several annotations indicating musical structure: 'guide' appears above the first, third, and fifth measures of each staff; 'cadence' (marked with a cross symbol) appears above the second, fourth, and sixth measures of each staff; 'relief or reply' appears above the first measure of the second staff; 'relief cad.' appears above the second measure of the second staff; 'relief' appears above the fifth measure of the second staff; 'rel. cad.' appears above the sixth measure of the second staff; 'close' appears above the final measure of each staff.

WARNING TUNES

part of chanter speaking theory

The musical notation is a single staff in treble clef with a common time signature (C). The melody is composed of eighth and sixteenth notes. Above the staff, there are three distinct phrases, each with an annotation indicating distance: 'danger very close' above the first phrase, 'some distance away' above the second phrase, and 'miles away' above the third phrase.

Examples Duneveg tune. The Piper's warning to his master, Alan nam Sop. Hector McLean's warning. Mutually "prearranged signals" were conveyed in ancient times by certain alterations in the music, such as heaororo heaiririu beats; compare I Cor 14:7-8: "Even things giving sound, whether pipe or harp, except they give a distinction in the sounds, how shall it be known what is piped or harped? If the trumpet give an uncertain sound, who shall prepare himself for battle?" Minstrels in olden days wore a cloak and had a free passport and other rights, Blondin the minstrel discovered King Richard I. by means of his music. Alfred the Great and the Danes, fall of York etc. occur to one.
