Analysis of three versions of the and Glen's, the latter being MacKa metre, but MacDonald has only seven uth. MacKay has only six bars, b both Ground and Taorluth, but his a ng with the completion or correction s there is something incorrect in the s , neither Ground nor Taorluth Sing this way, and the only other possib -note beat is permissible, would be to find changes of such a kind in t the second half of the seventh bar correct beat, which it will be noticed other lines. It might be remarked this seventh bar would be better if error in the last half is responsible ingling of Taorluth, this should, of E and D.

to the completion or revision of the ysis. It seems clear that in all vers to even numbered bars ending with the Ground bars. Placing MacKay's (1 bar) makes clear, it is considered, sions 3 and 6). It also seems clea ysis, for his third bar to take fou her hand his fifth bar is placed in n Division 6 it requires to be amend ons 6 and 7). That in Division 7 is in that position agrees similar bars in g suggestions for completing and rsions are offered—

MACDONALD. Division 3. cally correct and agrees with the
